### REPUBLICAN MEETINGS.

Hon. J. V. Quarles at—  
Jefferson, Saturday, November 4.  
Beloit, Monday, November 6.  
Hon. Phyllis Norcross at—  
Jefferson, Saturday, November 4.

Local committees are requested to make arrangements for the members.

Congressman Williams will speak at Racine to-night, and in Janesville on Monday night, thus ending one of the hardest fought congressional canvasses ever known in this district.

The independent republicans who claimed that their fight was against Mr. Williams only, will have an opportunity to make their word good by voting for Colonel Britton for the assembly.

The newspapers are polling this man. "Great sympathy will be felt for the unfortunate grandchild of Fredericktown, D. P. Morgan, who will be sole heir to the property worth \$500,000."

General Neal Dow, the famous prohibition leader, is now about seventy-eight years old, but is so well preserved that he does not look to be over sixty. He is good for several more prohibition campaigns.

Senator Edmunds says that the duty of the republicans at the coming session of congress is to give especial attention to the reduction of the revenue by a judicious revision of the tariff and the internal revenue taxes. He says: "The reduction must come, and if the republican congress does not set about and accomplish it, the democrats are likely to make capital by the neglect in the presidential campaign of 1884, and injure the country by the rash and reckless changes in the tariff, which they will surely make when once they get control of legislation." The republicans should be especially careful not to go into any more extravagant river and harbor schemes, nor any legislation of that character, or otherwise all the republican speakers and newspapers in the union couldn't save the government from falling into the hands of the democrats.

The political fight over in the third district is waxing hot. The Hazelton men have sent the report over the district that the republican state central committee had declared that Hazelton was regularly nominated and that it was the duty of all republicans to support him in preference to Keyes. This is resented on the part of Keyes men. The State Journal declares in a double-columned article that the republican state central committee has done no such thing, and asserts that the report was circulated for the purpose of deceiving voters. The congressional committee appointed by the Keyes convention have issued a circular urging the republicans of the third district to show their condemnation of fraud, treachery, extravagance and selfish ambition, by refusing to vote for George C. Hazelton; and to show their appreciation of an honest purpose to conciliate and secure harmony of action in the party, a progressive platform, an economical expenditure of money by the government, by casting their votes for E. W. Keyes as the regularly nominated candidate to represent them in the national congress. Just what the result will be in that district no one can predict. It looks as if a democrat will go to congress as there are three factions to divide up the republican vote—Keyes, Hazelton and Hastings.

One of the greatest discoveries of the age has been recently made, and of course by a Yankee. It inaugurates a new metallic era, and the Yankee simply waves his wand and makes iron as malleable as gold. About eight years ago, Mr. Joseph P. Gill, an ingenious Yankee of the state of Maine, was engaged in experimenting with hydrogen gas, which he wanted to manufacture cheaply for the use of the city gas works. In the course of his experiments he accidentally stumbled upon a broken ring, both of which had been for years exposed to the rains and all sorts of weather, and yet was not tainted

by a single flake or sign of rust. Wonder-struck as a matter of course, the poor mechanic began a thorough investigation and a series of experiments, and the astonishing result is an invention by which iron can be made to withstand corrosion and defy decay. An experiment has been made by the officials at the navy yard in Washington, and Gill's iron could not be touched by the most powerful acids known to chemistry. It seems that there is no mistake as to the importance of the invention. It will make a piece of iron immortal, to the brightness and beauty of which there will be no end. It is the most wonderful discovery of any age, and will be worth to Mr. Gill more than the combined value of all the railroads in the union. It will probably come to pass that Vanderbilt will be a poor man compared with Joseph P. Gill.

A gigantic fraud has been unearthed in Milwaukee, and this morning the Republican-Sentinel devotes several columns in exposing it. In the first ward in that city, the partner of Congressman Deuster offered 250 Polack names for registration—all democrats. The matter struck the republicans with astonishment, and an investigation proved that the 250 names were fictitious ones, and that they were obtained for the purpose of swelling the vote of Mr. Deuster. It was one of the boldest attempts at fraud ever known in this state, and shows how desperate are the plans of the democrats to carry Milwaukee for Deuster. A list of the names registered by Deuster's partner is published in the Republican-Sentinel, and there are not only no such names in Milwaukee, but there are no numbers of the streets on which the register says they live, nearly all the lots being vacant! That the democrats should attempt to commit fraud is not to be wondered at, because fraud is part of their political creed, but that they were not more shrewd in planning the fraud is a surprise.

### COLONEL BRITTON AND HIS WAR RECORD.

Col. W. B. Britton, whom the republicans have nominated for the assembly was one of the most gallant officers Wisconsin sent to the war. In July 1861 he enlisted as a private in company G, of the Eighth Wisconsin, and shortly afterward was elected captain. The regiment left the state in October of that year, and twelve days after fought at Fredericktown, Missouri. He was promoted to major in 1863, commissioned lieutenant-colonel in June 1864, and colonel in March 1865. He took an active part in all the principal campaigns of the southwest, from the battle of Fredericktown in April, 1865. During this time he was with his regiment in thirty-seven engagements, and never missed an action or a march in which his command took part. He was counted one of the bravest officers in the "war eagle" regiment, and came out of the service with a record for gallantry second to that of no man in that celebrated regiment.

An excellent war record and a clean record as a private citizen, combined with broad, practical common sense and a successful business career, make a man worthy of the esteem of his fellow citizens and the support of his party, then Colonel Britton should be elected by a large majority. He is a true republican, consistent in his record, and a true man, and deserves the vote of every republican in the second assembly district. All republicans will understand the importance of having a majority in the next legislature, and the only sure way to secure it is to hold the party together by voting for republicans, and not contribute to democratic success by casting your votes for independent candidates.

### FORECASTING THE HOUSE OF REPRESENTATIVES.

An effort has been made to obtain the estimates of both parties as to the political complexion of the next house of representatives. In order to obtain the information desired, the Chicago News requested a statement from two responsible persons in each state representing both parties, as to the probable result in their respective states on the congressional question. Answers have been received from nearly all the states, the result shows that the republicans claim 169 members in the next house, and give the democrats 127, while they estimate that there will be 31 doubtful. The democratic estimate is that there will be 128 republicans, 170 democrats, and 20 doubtful. The estimates of the democrats are pretty wild in many respects, as they claim four congressmen from Wisconsin.

Of course these estimates are of little practical value, except in showing the wide diversity of opinion as to the result of the election on Tuesday. While the democrats claim a heavy majority in the house, the result will be very close, neither party being able to obtain a good working majority. The estimate by Chairman Sanderson, of the republican state central committee, is as follows: "Edward Sanderson, chairman of the republican central committee, says that the next Wisconsin delegation in congress will be: first district, C. G. Williams (rep); second, D. H. Sumner (dem); third doubtful, there being a republican split between Keyes and Hazelton which will probably result in the election of Jones (dem); fourth doubtful with probability of the election of Deuster (dem); fifth, Joseph Rankin (dem); sixth, Richard Guenther (rep); seventh,

C. M. Butt (rep); eighth, W. T. Price (rep); and ninth, Isaac Stephenson (rep).

## MR. BEECHER.

He is Chosen as the Chief Speaker at a Republican Mass-Meeting,

And Declares Himself for Cleveland for Governor.

New York, Nov. 4.—The Brooklyn Republican held an immense mass-meeting last night. Henry Ward Beecher was chief speaker. Mr. Beecher said in part: "When the Republican party committed what I regarded as an atrocious wrong, I refused it. I will never vote for Governor of the state of New York? Mr. Beecher spoke these words with the utmost earnestness. For a second the audience was silent, and then a roar of applause filled the hall. Somebody cried, and immediately the cheering was renewed. Then the speaker resumed: "Not because Mr. Polger is a bad man. He is a good man. At another time I would be glad to see Mr. Polger governor of New York, but not now. You say it was a convention fraudulent and irregular. That don't affect me at all. What is the point? The point is that we are a governor that made himself singular and distinct—a governor who surprised both his friends and his enemies in administering the affairs of his office fearlessly and honestly, in a time when we had been nearly suffocated in the sloughs of corruption, and when New York had been weighed down by the burden of a bad government. I would not vote for Mr. Polger, because, in so doing, I would place over the head of the corruption that was the cause of placing him in nomination. On the other hand," said Mr. Beecher, "another storm of applause greeted with a few minutes' rest, the speaker resumed: "I would not vote for Mr. Polger, because, in so doing, I would place over the head of the corruption that was the cause of placing him in nomination. On the other hand," said Mr. Beecher, "another storm of applause greeted with a few minutes' rest, the speaker resumed: "I would not vote for Mr. Polger, because, in so doing, I would place over the head of the corruption that was the cause of placing him in nomination. On the other hand," said Mr. Beecher, "another storm of applause greeted with a few minutes' rest, the speaker resumed: "I would not vote for Mr. Polger, because, in so doing, I would place over the head of the corruption that was the cause of placing him in nomination. —Attend church to-morrow—see the directory in another column.

—Republican meeting at Attorney Sale's office this evening, at 7:30 o'clock.

—Marshall Hogan cared for three drunks last night, one of them being "Yankee Put."

—Two Clinton inebriates were housed in the county jail last night by Officer Jones, of that village.

—Do not forget the dances of the Concordia society on Monday night. All who attend will have a good time.

—Our streets were crowded again to-day, with people and teams from the country, and business was very lively all along the line.

—The funeral of the infant daughter of Mr. and Mrs. John Coen, will take place at St. Patrick's church to-morrow afternoon at two o'clock.

—We have been requested to state that but one of the legislative candidates is a member of the Baptist church, and that four of them are respected members of the society, and pious holders.

—Some important changes in timetable of the Chicago, Milwaukee & St. Paul railway will go into effect to-morrow. Look at the corrected table for full particulars.

—In the municipal court to-day the jury, in the case of Harriet McKee, et al., vs. John Donnelly, returned a verdict for the plaintiff. The question involved was concerning the lease of the McKee farm near this city.

—The fair at Apollo hall drew another immense crowd last night, and the ladies met with commendable success in disposing of the articles on exhibition. There will be any quantity of amusement at the hall this evening, and a large gathering is anticipated.

—The dancing party at the La Prairie grange ball last night was well attended, about ninety couples being present, many of them being from the city. Anderson furnished the music; and Messrs. Evenson and Parker provided a bountiful supper, and received the thanks of all.

—The state board of control were at the institution for the education of the blind on Thursday and Friday, examining the conditions and accounts of that institution, which were found to be highly satisfactory. All the members of the board were present except Mr. Luling. The board left the city yesterday.

—The Alaska diamond ring will be voted to the most popular young lady at the fair this evening. Miss Katie Finley and Miss Ella Gagen seem to be the leading candidates at this time, and unless a boom should happen to strike some one else not yet prominently mentioned, one of these ladies will surely win.

—The Sea Side oyster house, located in Mr. Myers new building on the Milwaukee street bridge, is opened and ready for business. In addition to the fresh oyster and fish trade, the proprietor will keep all stock of fancy fruit and canned goods. He has also fitted up a first class restaurant, and invites the lovers of choice bivalves to give him a call.

—There was a pleasant birthday party at the home of Mr. and Mrs. A. A. Jackson, last evening, given in honor of their son, Frank D., who has just attained his majority. The company was composed mostly of young people, including the classmates of Mr. Jackson, in college. The party was truly a happy one, and one long to be remembered by those who were present.

—The local management of the Harris comedy company, which gives a performance here next Tuesday evening, has made arrangements to have the election returns read from one of the private boxes during the performance. A triplicate of the returns will be given to the management, and as fast as they are received, will be read as above stated. This will be a very satisfactory way of receiving the election news, and to a portion of the audience will be doubly interesting.

## A Narrow Escape.

Yesterday afternoon Mr. Thomas Pratt, of the town of Janesville, in company with one of his sons, went to Lake Koshkonong, duck shooting. While out on the lake, some one on shore sent a rifle ball hurling at a flock of ducks. Mr. Pratt happened to be in line, but at a great distance from shore. The ball, which was of a 32-caliber, struck the water, glancing, struck Mr. Pratt on the right temple, making a deep wound an inch long. The ball then passed around the skull to the back of the head. Mr. Pratt was brought to his home, some two miles north of the city, Dr. Judd was called, the ball extracted, and the wound attended to. While the wound is a painful one, it is not dangerous, but Mr. Pratt will be a little more shy of stray bullets when on the lake, as he does not want any more such narrow escapes. This accident should also be a caution to hunters to be a little more careful how they shoot.

## The Library Association.

A goodly number of ladies assembled at the Myers' home parlors at three o'clock yesterday afternoon, in response to the notice published in the Gazette, for the purpose of organizing a library association, and to make arrangements for the purchase of the Young Men's Association library. The library association was organized, and the following officers elected:

President—Mrs. Sarah F. O. Little.

Vice President—Mrs. S. C. Gurnsey.

Secretary—Mrs. H. S. Hogboom.

Treasurer—Mrs. Hamilton Richardson.

Mrs. A. H. Sheldon, Mrs. W. D. Hastings, Mrs. A. Best, Mrs. M. D. McHenry and Mrs. G. W. Hayes were appointed the executive committee.

A committee of one from each ward was appointed, who were delegated to add additional members from their respective wards, who will canvass the city for the purpose of soliciting subscriptions to the fund of the organization. The committee is as follows:—First ward, Mrs. J. W. Nash, second ward, Mrs. John Watson;

third ward, Mrs. C. B. Conrad; fourth ward, Mrs. A. J. Glass; fifth ward, Mrs. Eugene Rich.

The object of this association is a worthy one, and should meet with the cordial aid and support of all our citizens, and we sincerely hope that the efforts of the ladies will be crowned with success.

The November term of the Rock county circuit court, His Honor, John R. Bennett, presiding judge, will be opened on Wednesday of next week. The calendar is quite a lengthy one, embracing sixty-one cases to be tried by the jury, and two issues of fact for the court, besides the criminal calendar which contains eleven cases, including the Stuart murder case, and Clifford murder case from Racine county. It is thought that many of the cases on the calendar will be continued, as many of the attorneys have been deeply engaged in campaign work, and consequently neglected to prepare their cases for this term of court. If this should prove true, the November term will be of short duration. The criminal cases to be tried are as follows:

State vs. George W. Dates.

State vs. George W. Dates.

State vs. Edwin D. Ray.

State vs. James Croft et al.

State vs. T. R. Morgan.

State vs. Robert A. Baker.

State vs. John Ash.

State vs. Jared G. Hall.

State vs. Frank Noonan.

State vs. Elton Douglas.

State vs. Charles A. Stuart.

State vs. Harry Clifford.

The following citizens of the county have been drawn to serve as jurymen at this term:

Christopher White, Johnstown.

Russell Parney, Center.

J. A. Sathelland, 5th ward, Janesville.

Henry Grace, Fulton.

Frank Gray, 4th ward, Janesville.

John Ratsber, 3d ward, Beloit.

George K. Collins, 4th ward, Janesville.

E. W. Bullock, Union.

David Clark, Harmony.

Isaac Parnsworth, 4th ward, Janesville.

Anson Baldwin, Union.

E. Briggs, 2d ward, Beloit.

William Wright, 2d ward, Janesville.

A. M. Alexander, Beloit.

Geo. W. Noble, Turtle.

Geo. Cowan, Fulton.

Geo. Field, 1st ward, Janesville.

Charles H. Payne, 3d ward, Janesville.

John Bennett, 2d ward, Beloit.

B. S. Hoxie, Porter.

W. H. Wilbur, Harmony.

W. L. Denning, Harmony.

J. S. Campbell, Newark.

O. P. Gaarder, Spring Valley.

James G. Wray, 5th ward, Janesville.

James Noon, Clinton.

Wm. Adams, 4th ward, Beloit.

W. H. Deltmer, Plymouth.

Ross Murray, Turtle.

G. A. Higday, Union.

R. Dickenson, Johnstown.

C. L. Clark, Milton.

W. J. Barnes, Arvon.

W. W. Clark, Milton.

Morton Stebbins, Porter.

M. Arnold, Rock.

—Mr. James Sutherland and County Clerk Morgan went to Lima, last night, to speak at a large and enthusiastic meeting.

—The Rev. Father Michael Brennan, of Colorado, is in the city, the guest of Father McGinnis. He will preach in St. Patrick's church to-morrow.

—Mr. Deuman Thompson took a stroll through our streets this forenoon, and came to the conclusion that Janesville is one of the most substantial little cities he has seen in the west.

—Mrs. A. J. Ray and her daughter, Miss Fanny, have returned from Massachusetts, where they had been visiting a month. Miss Ray will now join the quartet at Court Street church, in which she will sing contra-tenor.

—Mr. Charles Yetter, for the past twenty years a resident of the town of Center, has sold his splendid farm, receiving eleven thousand dollars purchase money, and purchased another farm four miles from Madison, paying \$18,000. Twenty years ago Mr. Yetter was a farm hand working for different farmers by the month, but by his steady habits and from his small earnings, saved a small fortune, and is now a happy owner of one of the finest farms in Dane county. Mr. Yetter was, of late years, extensively engaged in raising tobacco, his crops generally proving a success. We trust he will continue to prosper in his new home as he has in old Rock.

A Heroic Soldier.

Mr. James A. Denniston, of this city, has received the sad intelligence of the death of his brother—Captain George O. Denniston—of Pittsburg. He was one of the bravest officers that ever commanded a company. He was a member of the 8th Ohio infantry until it was mustered out, after which he was promoted for meritorious conduct to a captaincy, and assigned to a company in the 4th battalion. Soon after being mustered in as captain, he engaged in the fierce conflict at Weldon Railroad, near Petersburg, where a rebel bullet pierced his breast, passing through the upper portion of one of his lungs, and coming out beneath the scapula. This wound was the result of his death. For twelve years he was hardly able to speak above a whisper. He made a heroic fight with the wound for nearly eighteen years, but he was finally compelled to yield, and he died amid the sympathy and sorrow of a very large circle of friends.

WASHINGTON, Nov. 2, 1 A. M.—The following are the indications for to-day:

For the upper lake region—Warmer, fair weather, winds mostly southerly, and lower pressure.

The Harris Comedy Company.

This well-known and highly popular company will give a performance at Myers' opera house next Tuesday evening. To give the readers of the Gazette an idea what this company is, we take the following from the Union, New York Herald:

"The William Harris Comedy company admirably entertained a good sized audience at the opera house last evening. The comedy, Mrs. Partington, is somewhat similar to Widow Bedott, but is an improvement upon it. The scenes are most laughable and the audience is kept in a constant uproar. One can not get a good idea of the comedy from the first act, that being the tamest of the entire play. The comedy constantly grows better as it continues. Charles Fostelle makes a great hit as Mrs. Partington and is certainly unexcelled. He takes the character to perfection and brings out all the fine points in it. He made many friends last evening. The judge and denon are both good characters well sustained, while Ike is filled with mischief and pranks and is constantly annoying some one. The company is a good one and should they favor Utica again would be greeted with a crowded house."

Denman Thompson.

For the first time, Mr. Denman Thompson gave his Joshua Whitcomb to a Janesville audience last night. This character is one of his own creations, and during the past four or five years has become so popular that he has attracted crowded houses in large cities every night for four or five weeks. It is an exceedingly humorous character—a perfect impersonation of the old farmer, fifty years ago in some of the New England states. As might be expected, Mr. Thompson kept the audience in constant laughter when he had the stage. The company is an excellent one, especially that bright little star—Miss Julia Wilson—who is so closely identified with the character of Joshua Whitcomb, that without her, the street sweeper, as played by Miss Wilson, the drama would be badly crippled. All the other parts were admirably well taken. The quartet which was introduced in the last act, was most excellent and was enthusiastically encouraged.

Extraordinary.

is a crime; and ladies can not afford to do without Dr. Pierce's "Favorite Prescription," which by preserving and restoring health, preserves and restores that beauty which depends on health.
